### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

The closest prior art of record, Zurcher et al., US Patent 6,500,724, alone or in combination thereof, fails to show the following steps:

Pertaining independent claim 9, "forming a first pad contact plug on the buried contact plug and forming a second pad contact plug on the resistor, simultaneously;"

Pertaining to independent claim 21, "patterning the first conductive layer to provide a buried contact plug in the contact hole in the cell array region and a resistor on the lower interlayer dielectric layer in a peripheral circuit region on the integrated circuit substrate;"

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
